

Website design

[1]

This website was developed (and is maintained) by [In Petto](#) [2], using a content management system (CMS) named [Drupal](#) [3].

Apart from developing websites, In Petto also offers solutions and services such as:

- Internet security using [digital certificates](#) [4].
- [Optimize websites](#) [5] in the context of moving up in the ranking in search engines such as google, etc.
- [Software escrow](#) [6], which is depositing source code of all sorts of software programs and which protects users of proprietary (compiled) software against a software vendor going out of business because of (e.g.) bankruptcy (a modern equivalent of what used to be done in the past via a traditional notary office using floppy disks and/or CD ROMs).

More [information about such CMS](#) [7] and/or about In Petto is available on the [In Petto website](#) [2].

- [Log in](#) [8] to post comments
- [Nederlands](#) [9]

Subject: [Website](#) [10]
