[Close, but Not Quite: Vietnam's Data Security Law \[6\]](#)

[BSA TechPost](#) [2] - ma, 06/22/2026 - 20:52

It is no secret that Vietnam has emerged as one of Southeast Asia's most dynamic digital economies. From e-commerce to cloud services to AI adoption, the country's digital transformation has been impressive, and it's still accelerating. Now, with a new Data Security Law on the horizon, policymakers have a real chance to lock in that progress. How they handle a few key details will matter more than most people realize.
